

androidx.recyclerview.widget.RecyclerView

mono.android.IGCUserPeer

crc640ec207abc449b2ca.RecyclerViewContainer

```
classDiagram
    class RecyclerView["androidx.recyclerview.widget.RecyclerView"]
    class IGCUserPeer["mono.android.IGCUserPeer"]
    class RecyclerViewContainer["crc640ec207abc449b2ca.RecyclerViewContainer"]
    RecyclerViewContainer --|> RecyclerView
    RecyclerViewContainer --|> IGCUserPeer
```

The diagram illustrates a generalization relationship. A box at the bottom, labeled 'crc640ec207abc449b2ca.RecyclerViewContainer', has two vertical lines extending upwards. These lines connect to the bottom centers of two boxes above it: 'androidx.recyclerview.widget.RecyclerView' on the left and 'mono.android.IGCUserPeer' on the right. This configuration represents that 'RecyclerViewContainer' is a specialized version (subclass or sub-interface) of both 'RecyclerView' and 'IGCUserPeer'.
